

I grew up Southern Baptist from Birmingham AL. Became an ecumenical when I found Church of the Saviour many years ago, while I was employed as a civil servant. Some of us in the church were interested in the whole money situation in regards to our faith. I started helping people move towards making their wills. Then as we further met, Don McClanen called forth the Ministry of Money, Now Faith and Money Network. I worked with Don when he would come to California on Ministry of Money business. Later, I was nominated to the FMN board. I am a community member of the 8th Day Faith community in DC. My participation in this organization is one of life's richest blessings.
